

RF Module Label

The FCC and Industry Canada label requirements for the host, or external housing device are stipulated in the User Manual for the RF module.

The RF module itself will have a sticker that displays the following:

Tap Acquisition Inc., DBA
TapDynamics. Model 348
FCC ID: YUS348
IC: 9306A-348

This sticker must be fitted onto the 15mm X24 mm RF shield surface with ~ 1mm clearance on all sides (shown slightly magnified above).

RF Module Label

A notice for FCC and IC will be affixed to the RF module.

This sticker will be fitted onto the RF shielding can , a 15mm X24 mm surface with 1-2mm clearance on all sides, as shown below:
